#### Elective Courses Pool

Course Code	Course Name	TH	PR	CR	ECTS
EBE000	Preparation	0	0	0	0

**According to Article 5, paragraph 5 of the Doktorluk, Hemşirelik, Ebelik, Diş Hekimliği, Veterinerlik, Eczacılık ve Mimarlık Eğitim Programlarının Asgari Eğitim Koşullarının Belirlenmesine Dair Yönetmelik, in order for a midwifery student to graduate;**

- a) Counsel pregnant women, including at least 100 antenatal examinations,
- b) Pregnancy follow-up and care of at least 40 pregnant women,
- c) Performing at least 40 deliveries himself/herself (If this number cannot be reached due to the lack of women giving birth, this number can be reduced to 30, provided that the student assists 20 more deliveries),
- ç) Actively participate in breech delivery (If breech delivery is not possible, it should be simulated),
- d) Beginning with episiotomy application and suturing (This includes theoretical information and clinical practice. Suturing practice includes suturing after episiotomy or simple perianal tears. This can be simulated if necessary),
- e) Monitor and care for 40 women at risk during pregnancy, childbirth or the postnatal period,
- f) Monitor and care for at least 100 puerperant and healthy newborn babies (including examination),
- g) Observation and care of newborn babies, including premature, postmature, low birth weight or sick babies requiring special care,
- h) Caring for women with gynecological and obstetric pathology,
- ı) Be involved in medical and surgical care (this should include theoretical training and clinical practice).
